Nutritional Super-Algae Concentrates

Revolutionary Quantum Leap In Holistic Cellular Nutrition

The Science Academy of the former USSR has deployed over a thousand person-years of intensive research and development efforts to produce bio-algae concentrates that hold extraordinary nutraceutical properties. Consisting of blends of best algae amongst over 25,000 available on earth, these concentrates have been clinically proven and subsequently used in animal and human applications for over 20 years.

The research, led by nutritional pioneer Dr. Michael Kiriac, PhD, demonstrate that bio-algae concentrates help restore the "Inner Genius" of the endocrine hormonal system to balance and optimal function, which **regulates all aspects of health.**

Supernutrition

100% natural and organic super algae are micro nutrient powerhouses enhanced and concentrated via innovative technologies applied during growing and harvesting.

Unique Biosynergies

Lengthy empirical studies with hundreds of generations of animals and humans now perfected in ideal combinations and proportions, far exceeding the benefits of any one alga, greenfood or superfood.

Full spectrum, comprehensive health benefits:

- Maintenance and preventative nutritional wellness *
- Contributes to eliminate excess accumulation and build up of heavy and toxic metals *
- Offers powerful immunity and toxin shield against pollution, toxins, stress with hundred times more antioxidants than vitamin E *
- Supplies a balanced blend of nutrients that supports a healthy cardiovascular system *
- Procures superior nutritional protection against the symptoms of aging with tangible feelings of renewal *
- Easily replaces other multivitamins and minerals supplements *
- Daily intake can be equivalent to 2-4 servings of fruits & vegetables *
- Significantly increases the efficient assimilation, absorption and elimination of the food consumed daily *
- It's 100% Natural! - Fully respects the body's self healing power – You can't beat mother nature to bring back balance to the body *

Ingredients of Algae Found in BAC

Uniquely enriched, proportioned and concentrated Spirulina Pacifica, Spirulina Plantentis, Dunaliella, and Astaxanthin.

These nature's best algae contain:

- Complete Protein makeup: averages 30% vegetable proteins with net utilization over 90%
- 20 amino acids - All ten essential amino acids and ten additional
- Required vitamins: A, C, E, K, B's and B complex (B1, B2, B3, B6 including human-active B12, and Inositol)
- Colloidal minerals; calcium, phosphorous, magnesium, sodium, chloride, potassium, sulfur
- Over 92 colloidal essential and natural trace elements like iron (Fe), iodine (I), copper (Cu), manganese (Mn), zinc (Zn), cobalt (Co), molybdenum (Mo), selenium (Se), chromium (Cr), tin (Sn), vanadium (V), fluorine (F), silicon (Si) and nickel (Ni).
- Phytonutrients - Highly evolved nature's special forces like phycocyanin, quercetin, lycopene and others which enhance a multitude of unique health agents like calcium spirulan which inhibits AID's virus and cancerous cells *
- Essential Fatty Acids (EFA): the "good fats that heal" rich in Omega 3, 6, and 9, and rare GLA – its high gamma linoleic acid content is similar to early mother's milk *
- More than 4,000 natural active enzymes that contribute to the efficient digestion of fats, carbohydrates and proteins, permitting greater assimilation of nutrients and total elimination of toxins
- One of the richest sources of chlorophyll, with high levels of magnesium and calcium spirulan well-known agents for its antibacterial, anti-fungal and anti-inflammatory benefits
- Astaxanthin and Dunaliella contain high levels of alpha-carotene, including b cryptoxanthin and beta-carotene that offers powerful immunity and toxin shield against continuous pollution, toxins and stress with hundreds of times the antioxidants power of vitamin E and C, and up to 40 times that of beta carotene in carrots.

FAQ

What is BioSuperfood™?

BSF™ are exclusive nutraceutical formulas of micro algae concentrates with optimum amounts of naturally occurring vitamins, minerals, trace elements, antioxidants, and phytonutrients with powerful balanced and synergistic nourishing effects for the body and brain.*

Who should take BSF™

BSF™ is actually food! It comes in different formulas to fit nutritional support needs and goals. Those concerned with optimum health and immunity should take BSF™. It can be taken by children, seniors and even pregnant women. BSF™ are "naturally occurring" micronutrients which can replace most of your other dietary needs for supplementation.* However, we recommend to seek advice from a health professional for those with medical concerns.

How is BSF™ taken?

It comes in practical size vegetarian capsules. It can be taken anytime during the day with meals or in between meals. When using BSF™, we recommend that people drink ½ of their body's weight in ounces of pure water per day.

What are the nutritional health benefits of BSF™?

- 1. Anti-Aging** - BSF™ immediately helps the body begin reducing free radical damage and stimulating natural regeneration of endocrine cells. BSF™ helps restore a younger, more vigorous metabolism, the basis of anti-aging as it contributes and maximizes natural and balanced production of:
 - HGH (human growth hormone)
 - DHEA (the "superhormone")
 - Melatonin (the "sleep master")
 - Insulin, steroids and prostaglandins
- 2. EFA's - Essential Fatty Acids** - The "good fats that heal" rich in Omega 3, Omega 6, Omega 9, and GLA. BSF™'s high gamma linoleic acid content is similar to early mother's milk.*
- 3. Natural Active Enzymes** - BSF™ provides more than 4,000 types of natural active enzymes that contribute to the efficient digestion of fats, carbohydrates and proteins, permitting greater assimilation of nutrients and total elimination of toxins. It is also one of the richest sources of chlorophyll, a well-known agent for its antibacterial, anti-fungus and anti-inflammatory benefits.*
- 4. Supernutrition** – Contains averages 30% complete proteins with 10 essential amino acids plus 10 more, fully available to cells with net utilization over 90%, vitamins A, B, C, K, B's and B complex including human active B12; minerals iron, zinc, calcium, sodium; 92 trace elements, rare essential fatty acids GLA, with high levels of alpha-carotene, beta-carotene, chlorophyll, phycocyanin and lots more.*
- 5. BSF™ "Fires" Ordinary Foods** - Significantly contributes to the assimilation, absorption and elimination of the food you consume daily.*

BSF™ IS MAKING AN IMPACT ON HOW PEOPLE EVERYWHERE APPROACH HEALTH AND NUTRITION!

"Since we introduced BSF in our center...it has greatly amplified our results with our clients and our professionals..."

James & Irma Pacheco, CMT, CNMT - Colorado Center for Physical Therapy, Denver, CO

"In my gym, I now recommend BSF to clients for nutrition and support, for stamina, strength, natural steroids and post workout recuperation. They notice the difference within days. As a Blood Microscopist, I am able to look at the result in their blood after the intake of BSF and over time. Its clear that BSF triggers blood cleansing and oxygenation"

Todd Page, NC - Top USA Natural Bodybuilder and Nutritionist - Denver, CO

"I now use only BSF™ in my practice...it has greatly simplified my work and the results with my clients are far better than with any other natural products that I have worked with for over 15 years."

Ginette Pelletier, N.D. - Montreal, PQ

*"In February 2003, when tested for the presence of carotenoids antioxidants with the BioPhotonic laser scanner, I scored 32,500 which placed me in the top 1% of 250 people!" **UPDATE:** In May 2003, I scored 46,500...and going...and going..."*

Dr. Roland Thomas, N.D. - Denver, CO

"The best Essential Fatty Acid's I've ever tested"

Anne Wheeling, AC, MT - Denver, CO

"BSF™ an incredible ally which triggers the body's self healing powers..."

Doctor Michael Kiriak, PhD, N.D. - Lead inventor of BioSuperfood™ and founder of BioNutrition™ - Recipient of awards for research in cellular nutrition, the invention BioSuperfood™ and its clinical & practical uses.
